

# Probiotic Hand Sanitiser

An effective hand sanitiser containing beneficial probiotics and moisturising agents, to create a healthy and protective skin microbiome on your hands, lowering the risk of pathogenic transfer.

The product provides protection against harmful bacteria and viruses (including COVID-19), whilst nourishing and maintaining a healthy flora on the skin and leaving behind a fresh mint fragrance.

## Directions for use:

For deep cleaning and to fight against viruses and bacteria, wash hands thoroughly for 20 seconds with soap and water. After your hands are fully dried, apply Evogen Professional Probiotic Hand Sanitiser. For maximum protection, reapply every 4 hours or as needed.

Shake well  
before use

Do not freeze

Keep out of  
reach of children
